Question

Discuss the impact/influence of AI on the digital forensic investigation process.

[100 marks]

Type of response for question 2: Essay

Structure:

Item	Description	Marks
Introduction:	Paraphrase the question and put the topic into perspective	5
Body	Discuss the topic at hand; each paragraph should ideally give a point and supporting arguments from you and/or other literature. In-text citation is important here. You may use subheadings for this part too for easy reading.	75
Conclusion	Should include a summary of the points and show your stand or viewpoint. You could also briefly offer some recommendations here.	10
References	Use APA style to list all references that were used	10
	Total	100

Remember to cite all sources used appropriately.
